Along with a Subscription Fee, riders are responsible for Trip Fees. You Pay: Subscription Price + Trip Fees

Subscription Prices
- 1-Year: $60
- 1-Year Student: $50
- 30-Day: $30
- 24-Hour: $5

Trip Fee Schedule
- 0-30 min: no fee
- up to 60 min: $1.50
- up to 90 min: $4.50
- each additional ½ hour: $6.00

Avoid Trip Fees by docking the bike at any station every 30 minutes.

Nice Ride Minnesota is a subscription-based bike sharing system, with stations throughout the Twin Cities at places you want to go. Use as a convenient transportation option, a commuting choice, or a fun way to get to places identified in the Great Destinations Tours. Wherever you want to go, let Nice Ride take you there.

For a great Tour, remember these guidelines:
- Follow the Tour Guide identified stops to avoid Trip Fees.
- Re-start the clock by docking bike at any station, then check out another.
- If you encounter mechanical issues, contact Customer Service: 1-877-551-6423.

For subscription options and additional system information, visit our website: www.niceridemn.org.
LAND OF THE GOLDEN GOPHERS TOUR

Please note: on the University of Minnesota campus, bicycles must be walked on all sidewalks, except where they are striped with bike paths.

• START at 3rd St S and 2nd Ave S.
• Go south 1 block on 2nd Ave S.
• Turn left on 3rd St S. Also known as Hiawatha Ave.
• Turn right on 4th St S.
• Go east 6 blocks on 4th St S.
• Turn right on Chicago Ave.
• Start your journey at the intersection of 3rd St S and 2nd Ave S.

You are entering Cedar-Riverside, an immigrant community for over a century, and since the 1960’s construction of the West Bank campus of the U, a student community as well. The towers around you were designed by O M architecture professor Rip Rapson as part of a complete redevelopment of the neighborhood, which never got past this point.

• Follow street to the right onto 4th St S. Cross Cedar Ave, where 4th St S turns into Riverside Ave.
• Turn left on 19th Ave S.
• Go one block and turn right on 4th St S.
• After the Carlson School of Business (the building on your left), turn left onto the sidewalk bike lane heading into campus.
• In about a block look for a Nice Ride station to your left.

You are next to

1. Wilson Library, which houses the James Ford Bell Rare Book and Map Library—the gallery on the top floor is worth a look. Also in the area are the U’s public arts facilities: Rarig Center theaters, the McNamara Alumni Center, the Barbara Barker Center for Dance, and the Katherine Nash Gallery.

• Follow the bike path north and onto the Washington St Bridge.

When the West Bank campus was being planned, it was quickly realized that students needed a way to get back and forth—in winter the winds on the exposed bridge are very invigorating. The existing bridge was retrofitted with this second deck, including a covered, heated central section (which practically every student organization decorates in an effort to attract new recruits). On your right, ahead of you, are great views of The Frank Gehry-designed Weisman Museum of Art.

• Follow the path until it ends, and then continue in the same direction (north) on Pleasant Dr, the street to your left.

When you reach the traffic circle, you have arrived at the historic center of campus. TCF Bank Stadium, to your right and left, holds the oldest buildings on campus. The oldest of all, 7 Eddy Hall, built in 1886, is immediately to your left on the corner.

• Turn right on Pillsbury Dr and if needed, recharge your bike at the station to your left.

If you want to visit the 8 Bell Museum of Natural History, with its beautiful dioramas of Minnesota wildlife and other exhibits, walk east a block and turn left, and there it is.

• Continue on Pillsbury Dr as it curves to the right and becomes Harvard St.
• Turn left on Beacon St and right on Walnut St and park at the Nice Ride station.

Cross the plaza and enter the 9 McNamara Alumni Center. Exhibits inside include a wall of books published by alumni and professors, and the (tilted) original gateway to Memorial Stadium.

• Return to 4th St SE and 13th Ave SE, and pick up a bike.

Head north (right turn from 4th St SE) on 13th Ave SE.

• Turn left in 1 block onto the bike lane on 5th St SE. Follow this over the pedestrian bridge to your left.

When you’re done, retrieve your bikes and walk them across the plaza (past the entrance to the McNamara Center) to Oak St.

• Turn left on Oak St, and follow it as it curves to the left. Continue straight through the light onto 4th St SE.

It’s impossible to miss the new 10 TCF Bank Stadium to your right, the home of Minnesota football. You’ll also pass the storied 11 Williams Arena, home of Minnesota basketball, and on your right 12 Mariucci and Ridder Arenas, home of men’s and women’s hockey, respectively.

• At 13th Ave SE, station your bike.

You have just passed through 13 Dinkytown. If you want to stop and explore this oldest campus business district (the place where Bob Dylan got his start, walk back up 4th Ave SE to 15th St SE. One block right, one block straight ahead, and half a block left… that’s Dinkytown! Look for bookstores, restaurants and bars, and lots of other funky student-oriented stores.

• Return to 4th St SE and 13th Ave SE, and pick up a bike.

Head north (right turn from 4th St SE) on 13th Ave SE.

• Turn left on 6th Ave. This leads to the Stone Arch Bridge, which in turn will take you back downtown.
